Environmental Policy

Retail Furniture recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the design, manufacture and supply of bespoke shop fitting solutions and display stands to the retail, leisure, health, education, finance and commercial sectors.

It is the organisations declared policy to operate with and to maintain good relations with all environmental regulatory bodies.

It is Retail Furnitures objective to carry out all measures reasonably practicable, to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- Minimise the production of waste
- Minimise material wastage
- Minimise energy wastage
- Promote the use of recyclable materials, wherever practicable
- Reduce and/or limit the production of pollutants to water, land and air
- Control noise emissions from operations
- Assess and regularly re-assess the environmental effects of the organisation's activities on the environment
- Highlight to team members the benefit of operating smartly
- Minimise the risk to the general public and employees from operation and activities undertaken but the organisation

This policy has been communicated to all team members, suppliers and sub-contractors and is made available to customers and the public.
